

FOR THE PERFECT MIX

A smarter and faster mixer to
change your paint game!

GX300 Automatic Mixer

GX300 combines smart-tech intelligence with user-friendly simplicity to give you a highly efficient automatic mixer. Built with cutting-edge technology, the GX300 is packed with pre-set mixing time and computer connectivity with paint dispensers. It offers multi-can mode, automatic clamp pressure, covered gears and spindles, and more.

 **Intelligent Mixing**
Automatically determines optimum mixing speed

 **Faster Homogenization**
Continuous speed regulation reduces mixing time by 50%

 **Fastest Clamp Speed**
Clamping in half the normal time

 **Faster Diagnostics**
Remotely accessible and future-ready

 **Dynamic Balance**
Stability at high speeds up to 230 RPM

 **Easy-to-Operate Interface**
Clear overview on machine status and usage

Accelerate your business with future-proof innovation. Choose GX300.
