

"We can sum it up in one sentence: the machine does everything all by itself. Now that's user friendly!"

HARBIL 680

Best for: high-volume retails, service centers, and points of distribution

The HA680 is the ideal fit for high turnover locations. The large capacity and improved dispense speed ensure an optimal work flow. Together with the ZeroPurge™ piston pump and Auto Drive™ technology, a future-proof and reliable business operation is guaranteed.

CANISTER CAPACITY:

4 x 21.2 qts (20L)
8 x 10.6 qts (10L)
4 x 6.4 qts (6L)

PUMPING SYSTEM:

Harbil® Zero-Purge™ Piston pump

MAX FLOW RATE:

68
 Oz/minute

NOZZLE CLOSER:

Air tight - integrated nozzle closures

KEY BENEFITS

The Harbil® ZeroPurge™ Piston Pump

Benefits:

- No purging
- High speed
- Easy serviceability

The AutoDrive™

Benefits:

- Ultimate reliability at high speed
- Fewer colorant-related mistints
- Efficient and accurate diagnostics

The Operator Display

Benefits:

- Ultimate efficiency in the tinting process
- Proactive maintenance alerts
- Clear dispenser status overview

Service and Support

Our customer commitment continues long after the sale with:

- Extensive self serviceability features with YouTube videos for guidance: pump and canister replacement, and more.
- Prompt installation and training
- Multilingual support
- Factory technicians in US/Canada
- Factory-certified Service Network
- Preventive Maintenance and Extended Warranty programs
