

SUPERIOR PERFORMANCE, EFFORTLESS OPERATION

KEY BENEFITS

Unparalleled accuracy with proprietary DVX ® pump technology, enhanced dispense consistency with shorter tubing, and improved stirring and colorant conditioning with innovative blade design

33% faster throughput than AT1600, no recalibration required, and dispense speed of up to 28 oz per minute

Easier access to pumps and canisters with an external power switch, eliminating the need to open the machine

Improved 3-liter canisters, a new can shelf with can locator LEDs, and a center dispensing chassis

ONE-OF-A-KIND PUMP TECHNOLOGY

DVX® pump technology puts Accutinter dispensers head and shoulders above the rest:

- Robust construction eliminates component wear
- Valveless design eliminates need for annual calibration, and alleviates need for maintenance
- State-of-the-art electronics provide unmatched speed
- Builds on IDEX experience in designing durable and accurate pumps for health, fire, rescue applications

DRIVEN BY COLORPRO 5 SOFTWARE

ColorPro 5 software optimizes the performance of your Accutinter dispensers:

- · Automates paint tinting and recordkeeping
- Reduces mistints through operator prompts
- Prolongs equipment life with maintenance recommendations
- Features a friendly graphical interface

SERVICE & SUPPORT

Our customer commitment continues long after the sale with:

- Prompt installation and training
- Factory technicians in the US/Canada
- Unmatched, factory-certified Authorized Service Network
- Preventive Maintenance and Extended Warranty programs
- YouTube channel with how-to videos
