

UNLEASH SUPERIOR PERFORMANCE

GET MORE DONE, EFFORTLESSLY

KEY BENEFITS

RELIABILITY BUILT INTO EVERY COMPONENT

Unparalleled accuracy with proprietary DVX[®] pump technology, enhanced dispense consistency with shorter tubing, and improved stirring and colorant conditioning with innovative blade design

ACCELERATED PERFORMANCE THAT DELIVERS PRECISION

No recalibration required, and dispense speed of up to 64 oz per minute with optimized mapping for faster throughput

BUILT FOR MINIMAL SERVICE AND UPKEEP

Easier access to pumps and canisters with an external power switch, eliminating the need to open the machine

DESIGNED FOR EFFORTLESS, INTUITIVE OPERATION

Improved 3-liter canisters, a new can shelf with can locator LEDs, automatic nozzle closure for added convenience and a center chassis with automatic dispensing

ONE-OF-A-KIND PUMP TECHNOLOGY

DVX® pump technology puts TI Velocity dispensers head and shoulders above the rest:

- Robust construction eliminates component wear
- Valveless design eliminates need for annual calibration, and alleviates need for maintenance
- State-of-the-art electronics provide unmatched speed
- Builds on IDEX experience in designing durable and accurate pumps for health, fire, rescue applications

DRIVEN BY COLORPRO 5 SOFTWARE

ColorPro 5 software optimizes the performance of your TI Velocity dispensers:

- Automates paint tinting and record-keeping
- Reduces mistints through operator prompts
- Prolongs equipment life with maintenance recommendations
- Features a friendly graphical interface

SERVICE & SUPPORT

Our customer commitment continues long after the sale with:

- Prompt installation and training
- Factory technicians in the US/Canada
- Unmatched, factory-certified Authorized Service Network
- Preventive Maintenance and Extended Warranty programs
- YouTube channel with how-to videos

TECHNICAL SPECIFICATIONS

Dispensing	Simultaneous Dispense- 4 colorants at a time
Dispense Location	Center Dispense
Max Flow Rate	Up to 64 oz/minute with optimized mapping for throughput
Nozzle Closure	Automatic
Accuracy	1/512th
Shelving	Manual Adjustment lightweight shelf with positioning for sample, quart, 1-gallon, and 5-gallon container
Colorant Compatibility	Universal, waterborne, and organic
Canister Quantity	16 Canisters
Canister Capacity	3 quart/liters (large diameter)
Dimensions (WxDxH)	35" x 28" x 44"
Power	Dual Voltage- 110/220v 50/60Hz
Safety	UL, CSA, FCC (In Process)
Canister Locating Light	16 Improved LEDs
Serviceability	No Re-Calibration Needed
Software	ColorPro software keeps the paint department running smoothly
	IDEX Dispenser Driver- accompanies the customer-designer in-house software programs to interact with the designer
Available Accessories	Computer and 19" Monitor
	Barcode Scanner
	Label Printer
	Scanner/Label Printer Tray
	Surge Protector
	5 Gallon Roller Shelf
